(Steve Towson)

How can you lie in your bed at night
and say that you're so hard done by
when the Ogoni
are dying to fill up your
petrol tank

shell shell Shelter me
from the things that you're doing
I don't want to know
I can't afford to care
for the Ogoni 9
for the Ogoni 9
for the Ogoni 9

well I could write a letter
pleading to someone for help
but what good's it gonna do
yeah who's gonna care
while you keep on fuellin'
the shell
