(Steve Towson)

Well I've been watching you all evening  
sipping at your cup  
of percollated coffee  
and I really just don't know  
if I need you or not  
I simply can not tell  
for this indecision is driving me  
through the torments  
of hell

why can't we be together  
without the pain of yesterday  
I want a love  
a love which can last forever  
without yesterday

so I kick myself back  
into the comfort of this chair  
just hoping  
wishing  
that you were not here  
causing the comfort the conflict  
deep inside of me  
and I know that I must release  
if I want to be free

why can't we be together  
without the pain of yesterday  
I want a love  
a love which can last forever  
without yesterday
