Thinkin there somebody right ha

[Chorus:]

Now if you got a issue
Yo click better buck
We all dressed in black goons hoppin out the truck
And if you got a problem
We take it to the streets
Knuckle up lil homie put the gun down to sleep [x2]

[Verse 1:]

I stand about 5'9 155 pounds
I don't fuck with no guns I'll knock yo punk ass out
Yeah I roll with killas that's right I hang with dealers
How the hell you finna judge me just startin with my

Tired of dealin with these fuck boys
But no choice I gotta deal with em
Because they think I owe em somethin cause the shit I

And them boys be actin tough like they nation be deebo
But I'm a catch em with a hook and make em feel like a

A lot of bullshit got me stressed from my head to my

All that he say she say shit but everyone knows
Bout who the bitch is and who be snitchin
And you gon be the one to get your teeth kicked in and

[Chorus:]

Now if you got a issue
Yo click better buck
We all dressed in black goons hoppin out the truck
And if you got a problem
We take it to the streets
Knuckle up lil homie put the gun down to sleep [x2]

[Verse 2:]

I'm bringin all my goons and they be strapped like

With chyall lyin round eachother under some covers

Keep my name out yo mouth before I let ya hang
You know you messin with these big boys with big toys
Don't come at me crooked

If you want you can get it you know where the hell I be
You better stop ya duckin before I let off the heat

[Chorus:]

Now if you got a issue
Yo click better buck
We all dressed in black goons hoppin out the truck
And if you got a problem
We take it to the streets
Knuckle up lil homie put the gun down to sleep [x2]

Represent yo shit gon throw it up

And if you got a problem
We take it to the streets
Knuckle up lil homie put the gun down to sleep [x2]
