Under the circumstance I was a real strong man I
guess
It was all that I could do to stand up to the likes of you
I did my best
I've played the game I know the rules
You could break my heart and that ain't cool
I'm past the point of no return

CHORUS

Bit by bit getting way too close to fallin' in
When I think I've got a hold
Here you come and there I go
Touch by touch never thought that I could feel this
much
There's nothing my poor heart can do
When I think of you

I nearly lost my mind so many times I shut and locked
the door
Because of you to tell the truth I'm not a prisoner
anymore
Oh I resisted for a while now all I can do is smile
If I'm not there, I'm surely at the edge

CHORUS

Bit by bit getting way too close to fallin' in
When I think I've got a hold
Here you come and there I go
Touch by touch never thought that I could feel this
much
There's nothing my poor heart can do
When I think of you

BRIDGE

I go crazy and it's where I want to be

CHORUS

Bit by bit getting way too close to fallin' in
When I think I've got a hold
Here you come and there I go
Touch by touch never thought that I could feel this

much
There's nothing my poor heart can do
When I think of you
