When I got up this morning, I believe I dust my blues
When I got up this morning, I believe I dust my blues
Ain't got no time, baby, ain't got no time to lose, hey
hey

Gonna write her a letter, send one telegram
Gonna write her a letter, gonna send one telegram
Gonna tell that baby, y'know she's losing one good
man

I believe, I believe, I believe, I believe I'll lose my mind
I believe, I believe, I believe I'm gonna lose my mind
If that baby of mine don't go and change her mind

When I got up this morning, I believe I dust my blues
When I got up this morning, I believe I dust my blues
Ain't got no time, baby, ain't got no time to lose
