Help me angel
Plant my feet, a little higher
Help me angel
I've been too close to the fire
Help me angel
Make my dream a little brighter
Help me angel
Help me turn on, all the lights

You've seen...all the sights
You've lived, through all the nights
You've got something...I have to know
Cause I've still got...so far to go

Help me angel
Cause it's so dark everywhere
Help me angel
To find the magic in the air (help me angel) (BREAK)

Woah..you got what I have to find
In the sunshine, in your mind...yeah

Help me angel
Plant my feet, a little higher
Help me angel
I've been too close to the fire
Come on...Help me angel
Make my dream a little brighter...yeah
Help me angel
Help me turn on all the lights

Come on...help me angel
Wooah, help me angel.
Come on and...help me angel
I've been too close to the fire
Come on and help me angel
Wooah...Help me angel
Help me...Help me
Help me angel
Help me to turn on all the lights...ooh, ooh
