Hey darling, you know the lights are getting low
Hey hey hey hey darling, well you know the lights are
getting low
And you know I hate to say it baby, but I believe it's time
to go, yeah

Let me love you baby, now while we have the time
Hum, let me take our love baby, well now while we have
the time
Well if you don't do it baby, you know that old clock's
gonna chime, hum hum yeah

Well my momma told me 'bout girls like you
Oh well my momma told me, hum 'bout girls of your
kind, yeah
But honey, believe me I know, hum good love's so hard
to find

Hey hey hey hey darling, you know the lights are
getting low, oh oh
Hey hey darling yeah, well you know the lights are
getting low, oh oh yeah
And you know I'd like to stay here, but I believe it's time
to go
