"I Want To Know"

Visit "[I Want To Know](#)" on MotoLyrics.com

I want to know why do you always run around
I want to know why do you always run around
Every man I know is watching you pull me down

I want to know, do you really mean to hurt me
I want to know, do you really mean to hurt me
Well, I'm tryin' to understand the [?] way you always
treat me

I want to know if I can come home every night
I want to know if I can come home every night
Well, oh woman, oh woman, why can't you try to treat
me right

I wanna know, I wanna know
Hey hey I want want, I wanna know, oo oh
All right, what do you say
Well woman, oh woman, why can't you try to treat me
right
