I've tried to live my life alone  
Independence, freedom was my own  
But there was a loneliness I could not ignore  
I knew deep down I needed more  
In my life I needed a feeling  
Of a love to come over me  
I felt the truth and so I prayed for

Someone like you to hold my hand  
Someone like you to understand  
Someone like you to stand by me  
All my life, yeah, all my life - someone like you

I remember laying eyes on you  
After we spoke deep inside I knew  
I can feel the happiness your soul brings to me  
Your presence makes my world complete  
And I know you know what I'm feeling  
There's a love coming over me  
And it's true, what I've waited for, your sweet and  
precious love

I felt there was an emptiness  
I didn't know what was missing  
I didn't know how to quench it  
You are the answer to all my prayers  
You are the one that I needed  
You are the one I believe in  
Oh, I believe in
