Brother, can you hear me?  
Sister hear me, too  
WeÃ¢â€Œ™ II have hard times  
Every time we do

WeÃ¢â€Œ™ II bow our heads in prayer  
Together, hand-in-hand  
WeÃ¢â€Œ™ II lift our hearts to Heaven  
Cause we know there is a plan

Everything works together for the good  
For everybody who loves God  
And are called according to His purpose  
Everything works together for the good  
For everybody who loves God  
And are called according to his plan

Is anybody hurting?  
Give it to the Lord?  
We all have burdens  
We cannot afford

Cast your pain upon Him  
Cause He wants you to  
He will bear our weakness  
And we will bear His truth

It may seem like foolishness in times like this  
That God exists at all  
Still that small persistent voice  
Is offering the wisest choice  
Leave your worldly wisdom for the grace  
Then youÃ¢â€Œ™ II knowÃ¢â€Œ™!

Everything works together for the good  
Everything, everything
