You'd better take it easy, baby, before you go away
You've got me, baby, but you'll get yours someday
You'd better, baby, (watch your step)
Talking about you (watch your step)
Every night and day (watch your step)
Keep your eyes open wide, else you'll be hurting down
inside, oh oh yeah

You'd better leave me all your money before you go
away
Don't think I'm funny, honey, but all I've got to say
You'd better baby (watch your step)
Talking about you (watch your step)
Every night and day (watch your step) oh oh
Keep your eyes open wide, else you'll be hurting down
inside, oh oh yeah,
Come on now

I'm gonna let go of your money every night
When I get myself together. baby, I'll be all right
Now yeah yeah (watch your step)
Talking about you (watch your step)
Every night and day (watch your step) oh oh
Keep your eyes open wide 'cause you're the only girl I
know
