Let us talk no more, let us go to sleep
let the rain fall on the window pane
and fill the castle keep
I am weary now
weary to my bones
weary from the travelling
and the endless country roads
that brought us here tonight
for this weekend
and a chance to work it out
for we cannot live together
and we cannot live apart
it's the classical dilemma
between the head and the heart

She is sleeping now
softly in the night
and in my heart of darkness
she has been the only light
I am lost in love, looking at her face
and still I hear the voice of reason
telling me to chase
these dreams away
oh, here we go again
we're divided from the start
for we cannot live together
and we cannot live apart
it's the classical dilemma
between the head and the heart

Now the dawn begins
and still I cannot sleep
my head is spinning round but now
the way is clear to me
there is nothing left
nothing left to show
the jury and the judge will see
it's time to let her go

now hear the heart....
I believe that time will show

she will always be a part of my world
I don't want to see her go
so I plead my case to hear the heart and stay....
it's time to let her go -
I don't want to let her go-

and in this classical dilemma
I find for....
the heart
