11-6-64, the sun shone a whole lot brighter  
Than ever it had before, smiling down on me  
At 1:09 p.m. both hands of time stopped turning  
And you came waltzing in, to change my world for  
good

And I was only 2 years old, so really I don't know  
Exactly what was going on  
But I, I bet I laughed and played harder on that day  
'Cause my whole world was changing on

11-6-64, you breathed your first breath  
Suddenly living life meant so much more  
On the day that you were born

And I, well I was only 2 so I didn't have a clue  
Of all that was transpiring  
But I, I bet the sky was blue and all the world looked  
new  
'Cause everything was changing on

11-6-64, you breathed your first breath  
Suddenly living life meant so much more  
On the day that you were born

11-6-64  
Suddenly living life meant so much more  
On the day that you were born  
11-6-64
