Well normally at this point, You'd hear me singin and  
I'd be doin that cue stick guitar thing So by now yer  
prob'ly wondrin  
What's goin on cause this is really startin to sound like  
one of those rap songs  
so let me tell ya what the boys up to, ya see I like rap  
music  
and the beat box groove but sometimes i gotta admit  
I close all the doors, I wave my arms around and I face  
the floor  
But then I cracked up laghing, i gotta stop and just face  
the fact  
The boys don't hip hop. Ya see I grew up in a state  
where the grass is blue  
so if it's gonna be believeable its gotta be true

Its got to be tru  
I gotta be livin what I say I believe  
Its got to be tru  
Even when nobody but Jesus is whachin me  
Its got to be tru  
Every single minute of every day  
Is anybody ever gonna look at me and say  
hey its got to be tru

So ya hear me sayin that Its gotta be tru  
So now my home boy Toby is gonna talk to you, Tru  
Check it out I gotta next door neighbor  
And I can tell he's been whatchin my behavior, yo  
he's heard that I'm a Christian guy  
And he wants to know if thats true, or a lie  
Hes got a list of reason here not to believe  
Like doubt, disalusion, Hipocracy  
I gotta make a little truth to break it thru these walls  
So yo it's gotta be tru if you believe it at all

So Its got to be tru  
I gotta be livin what I say I believe  
Its got to be tru  
Even when nobody but Jesus is whachin me  
Its got to be tru  
Every single minute of every day

Is anybody ever gonna look at me and say  
hey its got to be tru

From the T to the R to the U to the E  
Ya got to be true in what you say you believe  
From the T to the R to the U to the E  
Ya got to be true in what you say you believe

Ya gotta let the light of Jesus' love come shinin thru oh,  
yeah

Cause Its got to be tru  
I gotta be livin what I say I believe  
Its got to be tru  
Even when nobody but Jesus is whachin me  
Its got to be tru  
Every single minute of every day  
Is anybody ever gonna look at me and say  
hey its got to be  
got to be  
got to be tru
