In the distance I can see the storm clouds coming my way
And I need to find a shelter before it starts to rain
So I turn and run to You Lord, You're the only place to go
Where unfailing love surrounds me when I need it most

You're my hiding place, safe in Your embrace
I'm protected from the storm that rages
When the waters rise, and I run to hide
Lord, in You I find my hiding place

I'm not asking you to take away my troubles, Lord
'Cause it's through the stormy weather I learn to trust
You more
And I thank You for Your promise I have come to know
Your unfailing love surrounds me when I need it most

You're my hiding place, safe in Your embrace
I'm protected from the storm that rages
When the waters rise, and I run to hide
Lord, in You I find my hiding place

So let your people seek You
While You may be found
'Cause You're our only refuge
When the rain comes pouring down

You're my hiding place, safe in Your embrace
We're protected from the storm that rages
When the waters rise, and we run to hide
Lord, in You we find the hiding place
Lord, in You we find the hiding place

Lord, You're my hiding place
Let me hide myself in You
Lord, You're my hiding place
Let me hide myself in You
