He prayed the prayer, one Sunday morning
He really meant the words he said
She prayed and gave her heart to Jesus
One night while kneeling by her bed

So many start on this journey
But they never make it out of the door
Their lives are caught in a moment in time
But there's so much more

Than living for the moment when He's given us a
lifetime
Living for the moment, letting hours pass right by
It's gonna take forever to discover all that Jesus has in
store
So live for every moment, and live every moment for
the Lord

There are some mountains on our pathway
Sometimes we reach the very top
We like the feeling of the moment
Sometimes that's where we'd like to stop

But we've been given these moments
To encourage us along the way
Now Jesus wants us to move ahead
Growin' every day

Not living for the moment when He's given us a lifetime
Living for the moment, letting hours pass right by
It's gonna take forever to discover all that Jesus has in
store
So live for every moment, and live every moment for
the Lord

This is the day that the Lord has created
This is the day that He has made
To take us where our faith
Has never been before

So live for every moment 'cos He's given us a lifetime
Live for every moment, don't let a minute pass you by

It's gonna take forever to discover all that Jesus has in
store
So live for every moment, and live every moment for
the Lord

We got to live for every moment, moment
You know He's given us a lifetime

Yeah, yeah, you know He's given us a lifetime
Won't you live for every moment?
Don't let those minutes, those precious minutes pass
you by
Live for every moment
