I was eight years old when I decided
To follow Jesus, I started down that road
Somebody told me that this path that leads to Heaven
It will not be the easy way well I found that to be true
But I also found, I found out there's

No better place on earth than the road that leads to
Heaven
No other place I'd rather be
No better place on earth than the road that leads to
Heaven
No better place to be

Now I know this road has a final destination
But I also know that if we're only looking for the prize
that's waiting
We'll miss so much along the way
'Cause Jesus came to give us life in the here and now
And to show us that there's

No better place on earth than the road that leads to
Heaven
No other place I'd rather be
No better place on earth than the road that leads to
Heaven
No better place to be

I know this path we travel on is very straight and narrow
But I've looked down other roads along the way
And from all I've seen, I can say without a doubt there's

No better place on earth than the road that leads to
Heaven
No other place I'd rather be
No better place on earth than the road that leads to
Heaven
No better place to be, no better place to be

No better place on earth than the road that leads to
Heaven
No other place I'd rather be
No better place on earth than the road that leads to

Heaven
No, no better place to be
