Verse 1:

I was just a little kid when  
I heard about You for the first time  
And all I really, really knew for sure  
Is You were God, I wanted to know You  
And now the years have come and gone  
I'm still singing that same song  
You might think by now I would have reached the end  
But the truth is...

Chorus:

I am only just beginning  
I am only getting started to know You now  
I'm only getting started  
And when I start thinking I'm getting close to the end,  
You just smile at me and say  
"Hey kid, you ain't seen nothing yet"  
I'm only getting started  
I'm only getting started now

Verse 2:

Now Your love, it is an ocean  
Deeper than my deepest notion  
Your grace, it is the sky above  
It just keeps on going forever  
And with every new sunrise  
You come and open up my eyes  
Show me just a little more of You  
And again I see that...

Chorus again
