One of us is cryin' as our hopes and dreams are led
away in chains
And we're left all alone
One of us is dyin' as our love is slowly lowered in the
grave
Oh and we're left all alone

But for all of us who journey through the dark abyss of
loneliness
There comes a great announcement, we are never
alone
For the maker of each heart that breaks, the giver of
each breath we take
Has come to earth and given hope it's birth

And our God is with us, Emmanuel
He's come to save us, Emmanuel and we will never
face life alone
Now that God has made Himself known
As Father and Friend, with us through the end,
Emmanuel, oh

He spoke with prophets' voices and showed Himself in
a cloud of fire
But no one had seen His face
Until the One Most Holy revealed to us His perfect
heart's desire
And left His rightful place

And in one glorious moment, all eternity was shaken
As God broke through the darkness that had kept us
apart
And with love that conquers loneliness, hope that fills
all emptiness
He came to earth to show our worth

And our God is with us, Emmanuel
He's come to save us, Emmanuel and we will never
face life alone
Now that God has made Himself known
As Father and Friend, with us through the end,
Emmanuel, oh

So rejoice, oh rejoice, Emmanuel has come

And our God is with us, Emmanuel
He's come to save us, Emmanuel and we will never
face life alone
Now that God has made Himself known
As Father and Friend, with us through the end,
Emmanuel

Our God is with us, Emmanuel
Our God is with us, oh Emmanuel
Our God is with us
