It's hard for me, hard for me.
Losing sleep cause you're gone.
And I can't do it alone.
Since you can't be found.
Just been hanging around, and I'm breaking down.
I can't fake it.
I just can't do it alone.
I never thought you'd take it this far.
Tell me how am I supposed to make it.
Being here all by myself just me, you're killing me.

Oh! You broke my heart and left it wide open.
Damn, how could you be apart from me.
That's like trying to breathe with one lung.
Or trying to live with no water.
Just like a daughter without no father.
That aint the way it's supposed to be.
How can you be apart from me (Me, yeah)
How can you be apart from me (Me, me, yeah)

I can hardly live, just been stuck inside.
I'm just feeling weak cause you're gone.
Why you wanna do this alone (Ooh oh)
You say you had enough, how you gon' give up.
Girl I'm missing the love.
And I can't fake it.
And I don't want to do this alone.
I never thought you'd take it this far.
Tell me how am I supposed to make it.
Being here all by myself just me, you're killing me.

Oh! You broke my heart and left it wide open.
Damn, how could you be apart from me.
That's like trying to breathe with one lung.
Or trying to live without no water.
Just like a daughter with no father.
That aint the way it's supposed to be.
How can you be apart from me (Me, yeah)

Almost like a cold, stormy night.
Without the stars up in the sky.
I never saw this coming, never.

You know you're killing me.

Oh! You broke my heart and left it wide open.
Damn, how could you be apart from me.
That's like trying to breathe with one lung.
Or trying to live without no water.
Just like a daughter with no father.
That aint the way it's supposed to be.

(X5)

How can you be apart from me

How can you be apart from me (Me, yeah)
How can you be apart from me (Me, me, yeah)

How can you be apart from me.
How can you be apart from me...
Oh yeah.
How can you be apart from me.
