It's been a bad day
But tonight my love, it only gets worse
It's been a bad day
But tonight my love, it only gets worse

chorus
Ooh you never said there was anything
Ooh you never said there was anything
Wrong
Ooh you never said there was anything
Wrong

We're in a bad way
But tonight my love, it only gets worse
We're in a bad state
But tonight my love, it only gets worse

chorus
Ooh you never said there was anything
Ooh you never said there was anything
Wrong
Ooh you never said there was anything
Wrong

repeat chorus
