Everywhere you turn something is forlorn  
Drained mind from the time you where born  
Twinkling light, a dagger carves the skull  
Nothing left, no memories no soul

No feelings left, no emotions, no life  
All that is left is demolition and demise  
Trapped in a squared empty room  
Dark which sticks in as a womb

Stabbing  
Twisting  
Burning  
Pounding

A cut so deep inside my soul  
The dagger still caught inside my mind  
Cannot run away from the pain  
It's carving inside my brain

I am left to pretend  
Like I knew what had happened  
The pain will not once again leave  
But I can't remember who cut me

Panic, to get out of this room  
Wanting to get out of the wretched gloom  
Must be a way out, can't even shout  
Howling like a wolf  
Trapped by hunters in the night

Shattering the glass, desperately want to pass  
The dagger of the mind's still carving  
For the lust of life I'm starving  
Fucking let me out!

Stabbing  
Twisting  
Burning  
Pounding

A cut so deep inside my soul

The dagger still caught inside my mind  
Cannot run away from the pain  
It's carving inside my brain

I am left to pretend  
Like I knew what had happened  
The pain will not once again leave  
But I can't remember who cut me
