Hey girl
Do you wanna dance with me now
I know the place it's got to be now
You're makin' my body loose control
Don't touch me there
I can't take no more
You're rockin' to the rhythm
All night long
You dancin' queen
Gotta goin' on
I know I'll be thinkin' about you
And I don't wanna live without you girl
And the way you took my heart
When you're holding me, holding me, holding me

Chorus:
Listen to the beat
Funky melody
Dancin' to the beat
Makes me wanna say
Listen to the beat
Funky melody
Dancin' to the beat
Makes me wanna say
Listen to the beat, dancin' to the beat

Hey girl
Do you see what I can see now
On the floor
All the people dancin' free now
You're makin' my body loose control
Don't touch me there
I can't take no more
You're rockin' to the rhythm
All night long you dancin' queen
Gotta going on

Chorus

I know I'll be thinking about you girl
Listen to the beat

Funky melody
Dancin' to the beat

Chorus
