This is the rythm of summer nights (summer nights)  
Two bodies dancing until the morning light  
Our favorite DJ is playing our favorite song (summer nights)  
Night after night I've been waiting for someone  
I looked up and you were there  
But I can't remember this feeling I'm feeling  
I know that you've answered my prayers  
For once in my life I found someone to love and who really cares  
For once in your life you know, you've found some love and you just can't pretend  
All of my life I've been waiting  
This is the rythm of summer nights (summer nights)  
Two bodies dancing until the morning light  
Our favorite DJ is playing our favorite song (summer nights)  
This is the rythm of my life  
You feel the music, the magic of the night  
Two bodies dancing to our favorite song  
Day after day I've been searching and searching for someone to love me for me  
See I never knew of this passion inside me  
You came and set my heart free  
Now I wanna share my life  
My soul, my dreams, with you every night  
Cause I wanna let you know I'm a stronger man with you by my side  
All of my life I've been waiting  
This is the rythm of summer nights (summer nights)  
Two bodies dancing until the morning light  
Our favorite DJ is playing our favorite song (summer nights)  
This is the rythm of my life  
You feel the music, the magic of the night (summer nights)  
Two bodies dancing to our favorite song (summer nights)  
(This is) All of my life I've been waiting  
This is the rythm of summer nights (summer nights)

Two bodies dancing until the morning light  
Our favorite DJ is playing our favorite song (summer  
nights)  
This is the rythm of my life  
You feel the music, the magic of the night (summer  
nights)  
Two bodies dancing to our favorite song (summer  
nights)  
All [x8]  
This is the rythm of summer nights (summer nights)  
Two bodies dancing until the morning light  
Our favorite DJ (summer nights) is playing our favorite  
song (summer nights)
