Johnny was a pretty nice boy, living in this tempting  
messy room.  
But, oh, I cried like hell today, because he didn't no  
thing no what to say  
When I had my hair curled  
Well they say: try it change when it starts to hurt. And  
it's should have been a slogan on his favourite shirt.

I have to wake up in the middle of the night and I say  
oh oh ooh  
Could you hold me, hold me tight or go go goo  
Cause I've always tried to understand you but I think  
your dreams won't last  
Cause you're all alone in your crazy world and you'll go  
nowhere

The victory march you might had when I'm on a road  
alone  
I buy your drink, I sit and wait no I don't have to listen  
what a birdy say, I love, I go, I proof this isn't so.  
So damn hard to decide what to do, when someone's  
walking over you

I have to wake up in the middle of the night and I say  
oh oh ooh  
Could you hold me, hold me tight or go go goo  
Cause I've always tried to understand you but I think  
your dreams won't last  
Cause you're all alone in your crazy world and you'll go  
nowhere

And then we'll steer a course for a brand new day  
Baby I feel fine I you know what to say

I have to wake up in the middle of the night and I say  
oh oh ooh  
Could you hold me, hold me tight or go go goo  
Cause I've always tried to understand you but I think  
your dreams won't last  
Cause you're all alone in your crazy world and you'll go  
nowhere

Johnny was a pretty nice boy
