You beloved
Were to me everything
That love stood for
To love one another
For a while, was enough
It was all that I lived for

How can I go on without you?
Can I go on without you?
Will I tell myself, this time
I'm gonna to have to move on

It's like Bombay Sapphires
Hey, I can take you higher
Whatever you desire
I can mend your heart

It is green
Ooh, it is aqua marine
It is colors I have never seen
I can see past you
To the white sand
It is blue
Ooh, it is not about you
It is all true
You know who I am

The sea never changes, not really
It is the constant in my life
I always return here
To the flash of those colors
Through every window
The wind through the night

Here I am dramatic
Here I am not waitin'
Here I am not listenin'
To the call of the world

Well it's like Bombay Sapphires
Hey, I can take you higher
Whatever you desire

I can mend your heart

And it's like purple haze
It's there every day
It's passion never fades
You know what I mean

It's like Bombay Sapphires
Hey, I can take you higher
Whatever you desire
I can mend your heart

I can mend your heart
I can mend your heart
I can mend your heart
I can mend your heart
Whatever you desire
Whatever you desire
Whatever you desire
