For no special reason  
I am leaving you for awhile tonight  
I'm flying far above you  
Still I love you, you make things right

I've been with you before  
I'll be with you again  
I'll come back for more, yeah  
The story has a strange ending

Well, you know me, I'm a nomad  
I can't feel bad about the way I am  
I've been rolling around my whole life  
You're my candlebright in the window

You guide me back again  
And I come when you shine  
You are not my friend, no  
But I am something of a dreamer  
I am something of a dreamer  
I am something of a dreamer

Well, you know me, I'm a nomad  
I can't feel bad about the way I am  
I've been rolling around my whole life  
You're my candlebright in the window

You guide me back again  
And I come when you shine  
You are not my friend, no  
But I am something of a dreamer  
I am something of a dreamer  
I am something of a dreamer

Still I love you  
My candlebright  
You are not my friend  
(In the window)  
But still I love you

You're my candlebright  
Still I love you

(In the window)  
But you are not my friend  
(My candlebright)  
But still I love you  
(In the window)

Still I love you  
Still I love you  
(I can't feel bad)  
Still I love you
