Visit "[Cheaper Than Free](#)" on [MotoLyrics.com](https://MotoLyrics.com)

What's cheaper than free?  
You and me  
What's better than alone?  
Going home

What does money not buy?  
You and I  
What's not to feel  
When love is real?

What's faster than a fast car?  
A beating heart  
What's deeper than a deep well?  
The love into which I fell

More important than freedom?  
Being needed  
More exciting than high fashion?  
High passion

What's brighter than a smile?  
You, child, you, child  
What's brighter than a smile?  
You, child, you, child  
You, child, you, child

What's warmer than a sun drenched land?  
Your hand  
Your hand  
Your hand
