I can't wait
I love you

I can't wait
I can't wait

Sometime she talks to him
Sometimes when she's only dreaming
Then when she wakes up
Somehow she still believes him

Yes, I know you
Know we've been out of touch
Yes, I know you
To be continued, it's too much

Well, I can't wait, I can't wait
Well, if I'm wasting my time, if you make up your mind
Well, I can't wait, I can't wait
And I've got to know how if I'll see you again

Well, I can't wait, I can't wait
Well, yes, I know you
Know we've been out of touch
I can't wait, I can't wait
What can I do when I'm crazy for you?

She wonders how many more hours
Her heart will feel broken
In secret, she says she needs to see him
But no words are spoken

Well, she dances around in a circle
Well, she's got that feeling now
Blame it on something at first sight
Put the blame on me if you want to
To be continued

I can't wait, I can't wait
Am I wasting my time while you make up your mind,
now babe?
Well, I can't wait I can't wait

Now I got to know when I can see you again

Well, I can't wait, I can't wait
What can I do when I'm crazy for you, baby?
I can't wait, I can't wait
Am I wasting my time? Make up your mind, baby

I love you
I love you

How will we feel 20 years from now?
How will we feel 20 years from now?
How will we feel 20 years from now?

How will we feel 20 years from now?
How will we feel 20 years from now?
How will we feel 20 years from now?

Well, I can't wait, I can't wait
If I'm wasting my time while you make up your mind,
baby
I can't wait, I can't wait
And I got to know when I can see you again

Well, I can't wait, I can't wait
No, no, time will, make up your mind, baby
I can't wait, I can't wait
I love, love you, I love, love you
