When I think about you
I think about how much I
Miss you when you're not around

When I think about you
I think about how much I
Can't wait to hear the sound

Of your laughter
Time and distance never matter

Well, I miss you now
I have so many questions
About love and about pain

About strained relationships
About fame as only
He could explain it to me

Seems like yesterday
I think about how much I
Wish that you were here with me now

The invisible girl that was my name
She walks in and walks out
And I'm sorry now, I'm sorry now

Well, I miss you now
I have so many questions
About love and about pain

About strained relationships
About fame as only
He could explain it to me

Tell me again
Paris to Rome, London to Paris
Always goodbye, I nearly couldn't bear it

Her heart settles down
She's back on that staircase
On the way up to her place

Well, I miss you now
I have so many questions
About love and about pain

About strained relationships
About fame as only
He could explain it to me

Tell me again
Paris to Rome, London to Paris
Always goodbye, I nearly couldn't bear it

Her heart settles down
She's back on that staircase
On the way up to her place

I miss you now
I have so many questions
About love and about pain

About strained relationships
About fame as only
He could explain it to me

I miss you now
I miss you now
I miss you now
