"I Will Run To You"

One so young... so changed
Should not be left alone
Two... in love... should confess
And not be left alone

I will run to you
Down whatever road you choose
I will follow you down
I will run to you

You've had time... come around
Will you please make up your mind
I... stand accused... on trial
Will you please make up your mind

I will run to you
Down whatever road you choose
I will follow you down
I will run to you

Make it easy for me
I been lonely baby
Show some mercy honey
I was nothing
All those lonely nights
Showed me something
If you need me
I'll come runnin'

I will run to you
Down whatever road you choose
I will follow you down
I will run to you
