I'm beside with myself 'cause I don't know and you  
won't tell

Your distant world has somehow pulled me in  
It's so surreal, so out of time with you it feels  
To give again but you don't need a thing

Maybe love will change your mind  
Maybe this time  
Maybe love will make it clear  
Oh, what words would keep you here

Maybe love will reach your heart  
Thought I saw it in the dark  
Maybe love will change your mind  
Maybe this time

A look, a touch, just because I wanted them  
To mean so much, you might not feel the same  
The day would end and you'd go back to where you've  
been  
A kiss for luck, I wish you would have stayed

Maybe love will change your mind  
Maybe this time  
Maybe love will make it clear  
Oh, what words would keep you here

Maybe love will reach your heart  
Thought I saw it in the dark  
Maybe love will change your mind  
Maybe this time

You want me to be there, you take me somewhere  
You show me your lifeline, reveal your other side  
I would say but the words won't come  
I just come undone, all I want to do is to be closer to  
you

Maybe love will change your mind  
Maybe this time  
Maybe love will make it clear  
Oh, what words would keep you here

Maybe love will reach your heart  
Thought I saw it in the dark  
Maybe love will change your mind  
This time maybe love, maybe love

Well, you want me to be there with you  
(Maybe love will change your mind)  
Well, there's nothing more I'd rather do
