### "Nightbird"

And the summer became the fall  
I was not ready for the winter  
It makes no difference at all  
'Cause I wear boots all summer long

My eye-make-up is dark and it's careless  
Some circles around my eyes  
Sometimes the real color of my skin  
Is my eyes without any shadow

And when I call  
Will you walk gently  
Thru my shadow  
The ones who sing at night  
The ones who sing at night  
The ones you dream of  
The ones who walk away  
Capes pulled around them tight  
Cryin' for the night  
Cry for the nightbird... tonite

And so the winter is really here now  
And the blankets that I love  
I am surrounded sometimes  
By too much love

And when I call  
Will you walk gently  
Thru my shadow  
The ones who sing at night  
The ones who sing at night  
The ones you dream of  
The ones who walk away  
Capes pulled around them tight  
Cryin' for the night  
Cry for the nightbird... tonite

And the darkened eyes  
Thru the net of the lace  
In the darkness

It's hard to see her face  
Pulls back the net  
And you feel the touch  
Of her fingers  
And you see... she turns the eyes  
And you see the eyes of a nightbird  
The ones you dream of  
Finally... the nightbird  
Finally... the nightbird  
Tonite
