Somewhere out in the back of your mind
Comes your real life and the life that you know
It seems like it was the creation of some of those same
old things
It seemed to be the only thing left out in the light

She had trusted many
But been unfamiliar with
Almost everyone but you

Well, maybe I'm just thinkin' that the rooms are all on
fire
Everytime that you walk in the room
Well, there is magic all around you, if I do say so
myself
I have known this much longer than I've known you

She had trusted many and then there would be
someone
Who would enter into her presence
That she could sense for miles
She dreamed of her wanton luxury and she laughed
and she cried
And she tried to taunt him

And he hated
To be separated
From that picture, no

Well, maybe I'm just thinkin' that the rooms are all on
fire
But, everytime that you walk in the room
Well there is magic all around you, if I do say so myself
Well, I have known this much longer than I've known
you

Long nets of white cloud my memory
Long nets of white cloud my memory
Ooh, there is magic all around you
Everytime you walk in the room

Well, maybe I'm just thinkin' that the rooms are all on

fire
Everytime when you walk in the room
Well there is magic all around you, if I do say so myself
Well, I have known this much longer than I've known
you

Well, maybe I'm just thinkin' that the rooms are all on
fire
Everytime that you walk in the room
Well, there is magic all around you, if I do say so
myself
I have known this much longer than I've known you
