### "Talk To Me"

I can see we're thinkin' bout the same things  
And I can see your expression when the phone rings  
We both know there's something happening here  
Well, there's no sense in dancing round the subject  
A wound gets worse when it's treated with neglect  
Don't turn around there's nothing here to fear

You can talk to me  
Talk to me  
You can talk to me  
You can set your secrets free, baby

Dusty words lying under carpets  
Seldom heard well must you keep your secrets  
Locked inside hidden safe from view  
Well, is it all that hard  
Is it all that tough  
Well, I've shown you all my cards now isn't that enough  
You can hide your hurt  
But, there's something you can do

You can talk to me  
Talk to me... talk to me  
I can set your secrets free, baby  
La, la, la, la...

Though we lay face to face and cheek to cheek  
Our voices stray from the common ground where they  
Could meet  
The walls run high, to veil a swelling tear  
Oh, let the walls burn down, set your secrets free  
You can break their bounds, cause you're safe with me  
You can lose your doubt, cause you'll find no danger  
Not here

You can talk to me  
Talk to me  
You can talk to me  
You can set your secrets free, baby

Oh, I can see you running... I can see you running  
I can see you running all the way back home  
I can see your expression when the phone rings  
And I can see that you're thinkin' bout the same things  
Is it all that hard  
Is it all that tough  
Well, you've taken all there is now baby  
Isn't that enough  
Well, I can see you runnin'... I can see you runnin'  
All the way back
