Hey, hey, hey, hey, hey, mama look at little sister
Out in the backyard, shakin' like this
Hey, hey, hey, hey, hey, look at little sister
Hey, hey, hey, hey, look at little sister

What about the neighbors? What they gonna say?
Stop little sister, gettin' carried away
Hey, hey, hey, look at little sister
Hey, hey, hey, look at little sister

Shakin' like a tree, rollin' like a log
Shakin' and a rollin' now, that ain't all
Hey, hey, look at little sister
Hey, hey, hey, look at little sister

Shakin' like a tree, rollin' like a log
Shakin' and a rollin' now, that ain't all
Hey, hey, look at little sister
Hey, hey, hey, hey, look at little sister

What about the neighbors? What they gonna say?
Stop little sister, gettin' carried away
Hey, hey, look at little sister
Hey, hey, hey, hey, look at little sister
