Never needed a wishing well to make my happy with  
my baby.

Never needed a magic spell to start me thinking  
someday maybe.

I'll build a house of gingerbread someday,  
and bring my sugar cookie home to stay 'cause

Ain't no lovin like my baby's  
Ain't no lovin like my baby's love  
Ain't no lovin like my baby's  
She's the girl that I am dreaming of

Oh, my Angel Love can't stop dreaming of  
How it's gonna be, it's gonna be for Angel Love and me  
Goin' down to the wishing well  
Cause that's where I'm gonna meet my baby  
Mr Moon mixed a magic spell  
He's telling me that I better hurry  
To find the girl beneath the willow tree  
And run and take my baby home with me 'cause

Ain't no lovin like my baby's  
Ain't no lovin like my sugar's love  
Ain't no lovin like my baby's  
She's the girl that I am dreaming of

Ain't no love (ain't no love)  
Ain't no love (ain't no love)  
Ain't no love (hey)  
Hoo, hooo

Ain't no love (ain't no love)  
Ain't no love (ain't no love)  
Never, never, never, never, never ha, ha (repeat and  
fade)
