I got your letter from the postman just the other day
So I decided to write you this song
Just to let you know
Exactly the way i feel
To let you know my love is for real

Because I love you
I'll do anything
I'll give you my heart, my everything
Because I love you
I'll be right by your side
To be your light, to be your guide

If you should feel that I don't really care
And that you're starting to loose ground
Just let me reassure you
That you can count on me
And that I'll always be around

Because I love you
My heart is an open door
Girl, won't you please come on in

Because I love you
I'll be right by your side
To be your light, to be your guide

If you should feel that I don't really care
And that you're starting to loose ground
Just let me reassure you
That you can count on me
And I will always be around

Because I love you
My heart is an open door
Girl, won't you please come on in
Because I love you
I'll be right by your side
To be your light, to be your guide
