There's a girl in my life about 4'10"
She's the one who brings me morning joy
And brings me joy when my day ends
She says my life will never have no problems
That her love cannot fix
And she proves her worth true
Every time she goes into her love bag of tricks

She's got everything I want
Everything I need
And if she ain't got it
She knows how to find the remedy

And she tells me

Come let me make your love come down
[Repeat 7 times]

She says you'll never worry in your life
As long as you come and let me
Make your love come down
I call her Miss Satisfaction
Cause she keeps me satisfied
She gets my automatic smile
When she whispers Steveland, I love you, I love you,
I love you

Such a lovely world is my life
Since that girl has come inside
And everyday that I live
I'm gonna do my best to keep her satisfied

Our love will never have no problem
That the both of us can't fix
Cause like glue to a stamp
Like gum on a shoe
She and I are going to stick

She's got everything I want
Everything I need
And if she ain't got it
She knows how to find the remedy

And she tells me

Come let me make your love come down

[Repeat 7 times]
