Here we are, it's a brand new day  
Four years ago the skys were a darker gray  
Troops coming home, we're ending the wars  
It's time for peace, cause that's who we are  
Jobs for all that succeed in their task  
And health care for the middle class  
The common man deserves a chance  
Barack's the one who will take a stance,

So, keep moving forward, don't turn around  
Keep moving forward, we can't turn back now  
Keep moving forward, don't turn it around  
Keep moving forward, don't let them bring us down  
Down, down  
Don't bring us down, down, down, down

Here we are with hope intact  
The records clear, so check the facts  
We're moving on, we're out of Iraq  
Detroit was saved, and so were the banks  
Talking education energy  
College for all, and a world more green  
Lets keep the faith, so all can succeed  
Man, woman and child, every nationality

Keep moving forward, don't turn around  
Keep moving forward, we can not turn back now  
Keep moving forward, don't turn it around  
Keep moving forward, they can not take us down  
Keep moving forward, don't turn it around  
Keep moving forward, we can not turn back now  
Keep moving forward, don't turn it around  
Keep moving forward, don't let them bring you down  
Keep moving forward, we can't turn around  
Keep moving forward,  
We can't afford to go backwards now  
Keep moving forward, don't turn back now  
Barack's the man, don't let them bring us down

I'm fired up, and ready to go  
I'm fired up, and ready to go

We're fired up, America's ready to go  
Keep moving forward, yeah, yeah, yeah, yeah  
Keep moving forward,  
Keep moving forward,  
Keep moving forward,
