Some gonna get you
Some gonna grab you
Some gonna jump out of the bushes and grab you
Whole lotta folks, you better run faster

Some gonna grab you
Some gonna jump out of the bushes and grab you
Some gonna grab you
Oh you need this thing to grab you, ha, yeah, yeah

Keep on running
Keep on running from my love
Keep on running, yeah
Keep on running from my love

Some folks say that you're really, really fine
All you want to be is just a friend of mine
But I know, the man your with gonna break your heart
And you'll be sad real soon, yeah

Keep on running
Keep on running from my love
Keep on running, yeah
Keep on running from my love

Some folks say that you're really, really fine
But all you want to be is just a friend of mine
