Tender, warm and serene  
Are the words that might come close to having  
Remnants of the feelings that we can no longer hide  
Mighty, shining and clear  
Are but mere expressions that don't come near  
To the ever glowing eminence of light in our eyes  
tonight

'Cause moments aren't moments  
Until they are moments like this magic moment of ours  
And magic's not magic  
Until it is magic like magical love in our hearts  
Feeling with tender love-bloom

Gentle, quiet, so soft  
Are the wings of love that can send us off  
To an ever splendor unknown to all in our time  
Trusting in the unknown and giving in to what feelings  
have shown  
Will take us to altered intimacies in our lives  
Where we'll find

That moments aren't moments  
Until they are moments like this magic moment of ours  
And magic's not magic  
Until it is magic like magical love in our hearts  
Feeling with tender love-bloom

'Cause moments aren't moments  
Until they are moments like this magic moment of ours  
And magic's not magic  
Until it is magic like magical love in our hearts  
Feeling with tender love-bloom
