Angel

pretty little angel
pretty little angel
pretty little angel

wish you knew just how i felt about you
wish you felt the same way as i do
i could fell in love with you just open up your heart
little girl i'm so in love with you

If you ever tell me that you love me
If you ever show me that you care
I will be so glad to have you standing by my side
little girl i'm so in love with you

We'll be so happy together
we'll feel the heaven for my own
and darling,if you just play your part
and let me steal your heart
i know,i'll have your love forever

Angel for your love i've been waiting
and i'm hoping someday you'll look my way
i can make you mine if you just open up your heart
little girl i'm so in love with you
