Such a lovely world was made for you and me /
Wondrous life for us to taste, touch, smell, hear,
and see / But one glance from outside looking
at our world state / Clearly displays we don't
appreciate it at all

Rain your love down won't you rain down your
love / Let it drench us like the sun from above

Such ability inside you and me / Made to do any-
thing and be all we can be / But one bird's eye
view at us does show, oh it shows / That against
God's Plan we've let it go, oh no

Rain your love down won't you rain down your love / Let
it drench us like the
sun from above / Rain your love down
let it rain down today / So that it may wash
all our sins away

You'd think the signs would make a difference,
oh, make a difference / You'd think fire next
time instead of rain / Would cause us to make a
change / The world has gone insane

Rain, rain your love down won't you rain down
your love / Let it drench us like the sun from
above / Rain your love down let it rain
down today / So that it may wash all our sins

away, let it rain

Rain your love down let it pour on us,
please / Cleansing us from hunger, hate, war, and
greed / Rain your love down, won't you let us start
over again / So we can live up to your
Master Plan

Rain your love down oh won't you let it
start / Wash the wicked minds and the... / I know
they're sick, you know they're sick, we know
they're sick at heart, yeah / Rain your love down

won't you let it rain / Rid this world of drugs, dis-
ease, crime, and pain

Clear our spirits give our minds new
software / With your lesson on humor, respect,
trust, and care / Rain your love down I beg for
human sake / For only you can get us out of this
state

Rain your love down rain down on all mankind /Cause
we are out of order and so out of line
