Sugar, sugar
How I wanna be your main boy
Sugar, sugar
How I wanna be your play toy

Got no time for every woman
Thinking that she's looking fine
Got no pockets full of money no no no
A fox would just be wasting her time

All I got is good
Good loving
And good loving
Doesn't have to find, hey

Sugar, sugar
How I wanna be your baby boy
Sugar, sugar
How I wanna be your play toy

Got no need for fancy places
Got no need for cannon and wine
Got no need to move to the city no no no
Got no need to walk the line

All I need is
Good home cooking
And some sugar
After supper time, hey, hey

Sugar, sugar
How I wanna be your baby boy
Sugar, sugar
How I wanna be your play toy

Ohh sugar
Ohh sugar
Ohh sugar
