Hey rooney oh rooney
And the team of our dreams
You're fast and you're canny
You're tough and you're mean
We got lampard and terry
Cole and defoe
We got the boys who gonna bring the cup home

This time there'll be no messing around
Brazil and argentina, you're going down
France and espana will crumble and fall
Our england squad are going to conquer you all

Hey rooney wayne rooney
And the team of our dreams
You're fast and you're moody
You're tough and you're mean
We got walcot and heskey
Beckham in tow
We got the boys who gonna bring the cup home

2010 and you better watch out
We'll come to africa
And knock you all out
We got the players
And they know how to score
You won't beat rio he's the best of them all

Hey rooney wayne rooney
And the team of our dreams
Show them how to play footy
Be our african dream
We got gerrard and crouchie
Cole and defoe
We got the boys who gonna bring the cup home

This time is our time
Boy's are gonna do the business
This time is our time
Englands gonna bring it home
This time is our time

Do us proud fabio
This time is our time
Party cos we're wer'e bringing it home

Hey rooney oh rooney
And the team of our dreams
You're fast and you're canny
You're tough and you're mean
We got lampard and terry
Cole and defoe
We got the boys who gonna bring the cup home

Hey rooney wayne rooney
And the team of our dreams
You're fast and you're moody
You're tough and you're mean
We got walcot and heskey
Beckham in tow
We got the boys who gonna bring the cup home
