My mind's eyes, they see what I can't see  
Imagination enslaves my only life  
Fear feeds fear in all minds  
Laughter, taunting, sickos haunting  
My last chance a game to thee  
"Tarnished outcome", yells their "leader"  
But there's no one, I'm alone  
In darkness, I witness disease  
At work, unfolding my mind  
Blank, numb, cold, I leave Earth  
My mind blank, my thoughts numb, my world cold,  
My mind blank, my thoughts numb, my world cold  
I have lost touch with my own reflection  
I must now find the one real solution  
My place in life has been chosen for me  
This piece of maze leaves no map to guide me  
For what is this, who's reaching hand?  
I shake with fear, now I fly  
Doomed insanity, trapped infinity  
In this place, without sound nor time,  
This strange and moving world  
My past is torn, my future none, all memory is no good  
But there's a price that I must pay, to fall into this void  
A darkened secret to be told, and nothing can avoid  
Do I dare challenge this?  
The trip begins, my thoughts go numb,  
In shock of what I'll see beyond  
An aura rises, building fate, then suddenly I am awake  
Into the bizarre, a guest to the weird,  
into the bizarre, bizarre  
Feeling changed, a different man, slowing down,  
This journey's gone into the bizarre, my doom is real,  
Into the bizarre, bizarre  
A garden of flowing fear, endless terror appears,  
My travelled trip returns, I grasp my eyes and scream  
A never ending vision!!!  
Do you believe? Yes, truly believe?  
Do you challenge the strange?  
Do you wish to be sane?  
Forever I ask, do you cherish your mind?  
Bizarre.....
