Scams and lies and alibis  
Are all your stock in trade  
Spin me round, I'm upside down  
And I don't know the date

I feel outsmarted, deceived and deluded  
Completely inverted and unaware  
Of all the changes and most of the dangers  
And I've reached the stage where I just don't care

I tried to believe in you  
I was only deceived by you  
So now I'll be leaving you  
I guess, I'll be seeing you

Subterfuge divide and rule  
Are all your favorite games  
Plans and ploys are basic toys  
To realize your aims

I tried to hold on, just try to hang on  
Try to pretend we could get somewhere  
But you're so intent on some pointless diversion  
We soon reached the point where I just don't care

I tried to believe in you  
I was only deceived by you  
So now I'll be leaving you  
I guess, I'll be seeing you

Well, if it ain't one thing then it's another  
First, you cut me cold  
Then you're my long lost brother

But I know, I can't go on much longer  
With the way things are  
'Cos I'm much stronger

I tried to believe in you  
I was only deceived by you

I tried to believe in you

But I was only deceived by you  
So now I'll be leaving you  
I guess, I'll be seeing you
