A lot of people come to me and talk at my face
Try to tell me all that's wrong in my life
They give me all of their opinions
And their strongly held convictions
And all of them are sure that they're right

I'll give the truth, the whole truth
And nothing like the truth
'Cos confession id good for the soul
But bad for the neck
Yeah, bad for the neck

Get in here

Now everyone believes they've something to reveal
And they're offering me their advice
This can only help me get my life in line
But they never stop to ask themselves why

I need some help, some guidance, some backing and
belief
But really all I need is a rest and if you really want to
help me
Just stay out of my way, I need some time to reflect
Just leave me alone

'Cos I'm not bulletproof
I'm not
I'm not bulletproof

Now I don't take too kindly to your helpful hints
No matter how heartfelt they're meant
'Cos it usually means I've got some business of my own
You want to get your nose in

Now that's a fact you react anyway you like
And it don't make no difference to me
'Cos I've met your kind in every walk of life
And I want you to let me be, let me be

'Cos I'm not bulletproof
I'm not

I'm not bulletproof

So for all you instructors, you advisors and tormentors

I'd like to give a little bit back

See the only way I'll learn is to make my own mistakes

And that's an undeniable fact

I've got to fall and tumble, bomb and then collapse

If ever I'm going to get it right

And you must stand and watch me and never interfere

You got to let me live my own life, live my life

'Cos I'm not bulletproof

I'm not

I'm not bulletproof

Oh, no

'Cos I'm not bulletproof

Oh, no

I'm not bulletproof
