I think it's time we talked this over  
I think you've taken this too far  
I never wanted to be different  
Didn't ask to be nobody's star

Try and take control of it  
'Cause what you see is what you get  
Try and take control of it  
And not me

You say there's talk of revolution, so what's new?  
You say there's fighting in the air  
You think that I've got the solutions  
But do you really think that's fair?

Try and take control of it  
'Cause what you see is what you get  
Try and take control of it  
And not me

Don't wanna be nobody's hero  
Don't wanna be nobody's star  
Don't wanna be nobody's hero  
Get up, get out, be what you are

You think it's time you took me over  
To do what you can't do yourself  
But don't let heroes get your kicks for you  
It's up to you and no one else

Try and take control of it  
'Cause what you see is what you get  
Try and take control of it  
And you'll see

Don't wanna be nobody's hero  
Don't wanna be nobody's star  
Don't wanna be nobody's hero  
Get up, get out, be what you are

You think you're nobody  
And I get all the fun

But no one is a nobody  
Everyone is someone

Don't wanna be nobody's hero  
Don't wanna be nobody's star  
Don't wanna be nobody's hero  
Get up, get out, be what you are  
Be what you are
